

Identifying DNA as Genetic Material

HONORS BIOLOGY: UNIT 4

Directions:

- Using your textbook as a resource, create a **timeline** identifying the contributions of the following scientists in identifying DNA as the genetic material in living things.
- Include drawings and diagrams of individual experiments when appropriate.
- Use a sheet of 8 1/2" x 14" to create your timeline
- Include the following:
 - Frederick Griffith (1928)
 - Oswald Avery (1944)
 - Erwin Chargaff (1950)
 - Alfred Hershey and Martha Chase (1952)
 - Rosalind Franklin and Maurice Wilkins (1953)
 - James Watson and Francis Crick (1953)
 - Add any other important scientist and and/or discoveries that may have had an impact on the identification of DNA
